## UPPER LIMB

Variation among Argentinean orthopedics surgeons in the therapeutic indications for rotator cuff tears	11
Outcomes of osteotomy and rigid internal fixation treatment for the correction of phalangeal malunions	125
Functional and radiologic outcomes of reverse shoulder arthroplasty and greater tuberosity reattachment in proximal humerus fractures	133
Volar marginal fragment in distal radius fractures: Pin fixation in addition to volar plate	197
Dorsolateral flap vs. radial midpalmar island flap in the treatment of traumatic distal thumb injuries. Clinical and functional evaluation	204
Distal phalanx replantation under local anesthesia and without venous anastomosis	246
Comparative study between tension band and compression screw fixation in metacarpophalangeal and proximal interphalangeal joint arthrodesis	325
Phalanx osteoid osteoma. Five-case report and literature review	335
Dual-portal endoscopic release in carpal tunnel syndrome	349
Efficacy of night splinting and ultrasound in Carpal Tunnel Syndrome. A randomized controlled clinical trial	357
LRINEC score diagnostic value for necrotizing infections of the upper extremity and correlation with morbidity and mortality in Orthopedics patients	369
Osteomyelitis treatment with antibiotic cement-coated plate fixation. Two case report	403

Treatment of phalangeal and metacarpal fractures with intramedullary compression screws	S2
Non-conventional tendon advancement for injuries in Verdan zones I and II. A new surgical technique	S12
Kienböck's disease: Current concepts	S19
Diagnosis and management in of subacute and chronic triangular fibrocartilage complex injury with distal radioulnar instability	S26
De Quervain tenosynovitis: New enlargement plasty of the first dorsal compartment	S36

## LOWER LIMB

Hip fracture in the elderly patient: Is the preoperative echocardiogram necessary?	7
Factors associated with severe pain in patients with plantar fasciitis: An association analysis	23
Midterm outcomes using rotating hinge prosthesis for primary and revision total knee arthroplasty	49
Knee extensor mechanism reconstruction with allograft: Surgical technique and rehabilitation protocol	74
Intramedullary nailing treatment of proximal and distal tibia metaphyseal fractures. Medial parapatellar approach in semi-extended position	99
Total knee arthroplasty in patients with joint fracture sequela: Mid-term follow-up outcomes	107
Immediate phlegmasia cerulea dolens in the postoperative treatment of pelvic fracture. Cases report	147
Total hip arthroplasty in a patient with ipsilateral transfemoral amputation	151

Tibia Osteomyelitis secondary to BCG vaccination in an immunocompetent pediatric patient. Case report	157		
Short-term outcomes in total hip arthroplasties using second-generation metaphyseal fixation stems	214		
Continuous passive motion in knee arthroplasty patients	234		
Adequate debridement and pie-crusting technique in the management of traumatic injuries	254		
Total femoral replacement in patient with complicated bone hydatid cyst. Case report	262		
Comparison of total ankle arthroplasty outcomes between patients younger and older than 55 years	305		
Bipolar prosthesis in elderly patients with unstable intertrochanteric hip fractures. Functional outcomes and reoperation rate after the first 100 cases	317		
<b>SPINE</b>			
Early complications of the minimally invasive lateral lumbar spine surgery: a 50-case series	39		
Hydatid disease of the vertebrae with intraspinal involvement. A medical and surgical disease. A two case report	56		
Thoracolumbar spine injury associated with aerial silk practice	119		
Infection rate in 212 consecutive patients treated by minimally invasive lumbar tubular decompression	192		
Guided growth with magnetic rods in early onset scoliosis. Preliminary report	377		
Cifoescoliosis severa secundaria a neurofibromatosis. Presentación de un caso	393		
<b>TUMORS</b>			
Lipoblastoma: An unusual cause of foot lump in children	65		
Fibrous dysplasia of the lumbar spine in a middle-aged woman: Case presentation	167		
<b>PEDIATRIC ORTHOPEDICS</b>			
Medial transphyseal screw placement for spastic hip treatment in children with cerebral palsy. Effectiveness and safety	222		
Cervical spine fracture-dislocations in children: literature review and clinical case report	270		
Talar body fracture in a 10-year-old boy. Case presentation	387		
Congenital anterolateral tibial bowing associated with polydactyly: case report and literature review	418		
<b>LOWER LIMB</b>			
Autologous donor site morbidity after posterior iliac crest bone harvest. Comparative analysis of two surgical techniques	31		
Platelet-rich plasma treatment of acute muscle tears: Systematic review and meta-analysis of current literature	82		
Use of chlorhexidine in wound healing and granulation tissue formation	139		
When unity makes the difference: Hand therapy rehabilitation in Argentina	S40		
<b>SPECIAL ARTICLE</b>			
Management and treatment of patients in the surgical area during COVID-19 pandemic	174		
Contingency plan development proposal for a Department of Orthopedics and Traumatology in the setting of the COVID-19 pandemic	283		
Capsulodesis. "Liberata" Surgery	437		
Capsulodesis. "Liberata" Surgery. Origin story. A grandfather and grandson's account on a quiet afternoon	S45		
<b>BASIC RESEARCH</b>			
Qualitative analysis of the Orthopedics and Traumatology residency system in times of COVID-19	427
